Log # 1088090

Recommendation for Closure	Summary of Relevant Investigative Activity and Comments
<p>Case disposition for a truncated investigation. Criteria set forth below must be met in order to close as Administrative Termination.</p> <p>The case does not involve:</p> <ul style="list-style-type: none"> • Firearm discharge; • Physical violence or threats of physical violence or involve parties that historically been alleged to have committed physical violence or who have threatened physical violence; • Use of force resulting in serious bodily harm or injury; • Verbal abuse rising to the level of racial bias • Any incident in which video or audio evidence exists that depicts and corroborates the allegation(s). 	<input checked="" type="checkbox"/> <ul style="list-style-type: none"> • On January 10, 2018, [REDACTED] filed a complaint with COPA wherein she alleged that Chicago Police Officers: did not knock and announce upon serving a search warrant; used excessive force in that she was struck in the head with the door; conducted a strip search of her adult son ([REDACTED]); held a rifle to her head, and, threw her to the floor. • Records show a search warrant was served at the complainant's address. • COPA received, and reviewed officers' body-worn camera footage recorded on the night of the incident. • Multiple videos show that Officers did knock and announce the warrant as they began their forced entry. • Multiple videos show that [REDACTED] was behind the door when the door was forced open, causing a minor scrape to her forehead, to which Officers immediately radioed for an ambulance. • Multiple videos show that [REDACTED] was not thrown to the floor, nor that a rifle was held to her head.
<p>All other closing dispositions have been considered and there exists a lack of evidence to reach an Exonerated or Sustained finding.</p>	<input type="checkbox"/>
<p>The accused officer's history has been considered (i.e. pattern or practice of past complaints of a similar nature).</p>	<input type="checkbox"/> <ul style="list-style-type: none"> • [REDACTED] s medical records were obtained. • Multiple videos show that her son was searched but did not appear to be a strip search. • COPA made numerous attempts to contact the adult son for a statement and to obtain an affidavit.

- [REDACTED]'s injury was minor and medical records show that she walked out of the emergency room before being treated.
- Lack of any video evidence that supports that [REDACTED] was strip searched.
- Witnesses and [REDACTED]'s refusal to cooperate and provide information required for the investigation to continue.
